MEMORANDON FOR THE RECORD	
SUBJECT: Meeting of 11 December 1957 to Discuss CIA Require (PROD Ret 87-57)	ment 6E-236
1. On 11 December 1957 at 1015 hours a meeting was he	eld at MSA/
Ft. Meade to discuss the status of MSA's efforts in response	to CIA
Rqt 6E-236 (PROD 87-57). The following persons were in atte	endance:
2.	opened the
discussion by reviewing very briefly the history of this rec	quirement. In
addition, commented on the to comp	pile the 25X1
and the problem involved in getting a	machine
tabulation of this data from He stated further that	one machine
run had been received from but, due to the number of e	rrors detected
through proofing, a re-run had to be requested. The re-run	has been delayed

because of the recent move into the new buildingstated further	
that MSA was to have called a meeting of representatives of MSA and CIA	
on this requirement on 31 October 1957 but for some reason he could not	
explain had not done so. It was agreed not to further belabor this point	
but to proceed with the substantive details of the meeting.	
then gave a detailed explaination of	
the work done by the people in his section. He stated that all the	
necessary data had been gathered together and had been manually tabulated	
(a copy of this tabulation was available for examination at the meeting).	
was then punched by and recorded on an	
IBM listing. After the listing was received it was proofed very	
carefully and found to contain many errors. As a result,is now doing	•
a re-run. In response to a question by asking just where	
was in relation to completing the first part of CIA requirement

	a. The problem confronting CIA was to organize	25X1
25X1		
25X1	This had suggested to CIA that all pertinent	25X1
	data be put in IBM card form in such a manner that "runs"	
	could be made along several different lines.	
	b. PROD-05 had said that the analysis required by CIA was	
1 1 1 1	a function which NSA could and should perform	25X1
25X1		
	c. It had been agreed that a pilot study would be carried	
	out by MSA along any lines suggested by CIA. The terms of reference	
	for this study (CIA rqt 62-236) were worked out informally	
	between CIA and MSA.	
	d. MSA had indicated its understanding that studies like	4.
25X1	and CIA rqt 6E-236 would be a continuing request	
	of CIA.	
25X1	e. According to he main reason for drawing	
	up CIA rqt 6E-236 had been to work with NSA in an attempt to	25X1
,	develop the required flexibility MSA's handling of	
25X1	MSA stated they still do not have the required	
	capability but must do most of the comparisons suggested manually.	
	5. The first part of CIA rot 68-236 essentially involved	
	the same work that was to be done in CIA rqt 6E-186 levied on
